This policy addresses employees' use of publicly available social media networks including: personal Web sites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, and any other social media. The School takes no position on employees' decision to participate in the use of social media networks for personal use on personal time. However, use of these media for personal use during school time or on school equipment is prohibited. In addition, employees must avoid posting any information or engaging in communications that violate state or federal laws or school policies.

II. GENERAL STATEMENT OF POLICY

The School recognizes the importance of online social media networks as a communication and e-learning tool. Toward that end, the School may provide password-protected social media tools and School-approved technologies for e-learning and encourages use of School tools for collaboration by employees. However, public social media networks, outside of those sponsored by the School, may not be used for classroom instruction or school-sponsored activities without the prior authorization of the building Principal, or designee, and parental consent for student participation on social networks. The School may use these tools and other communication technologies in fulfilling its responsibility for effectively communicating with the general public.

However, employees must avoid posting any information or engaging in communications that violate state or federal laws or School policies.

The line between professional and personal relationships is blurred within a social media context. Any petition shall be treated as complaints and may only be signed by parents and/or guardians of current LWS students. Any petition, complaint, or grievance must contain specific violations of LWS policies and make specific factual allegations. Failure to make specific policy and factual allegations in the petition, complaint, or grievance shall result in denial of the petition, complaint or grievance.

The purpose of this grievance procedure is to resolve complaint(s) from student(s) and/or her/his parent(s) informally within the framework of the Little Wound School and to ensure fairness and justice to all.

Any student and/or her/his parent(s) who feel s/he has been discriminated against, believes her/his rights have been violated; or, has any other grievance(s) concerning school affairs or administrative decisions, may report said grievance(s) in the following manner:

4.26 DEMONSTRATIONS AND STRIKES

The Board will not tolerate any disruption of the rights of students to attend school. Violence, vandalism and/or seizure of any area of school property or any other method of disruption violates this right.

4.27 CORPORAL PUNISHMENT

The use of corporal punishment is not permitted at any time at Little Wound School.

Corporal Punishment: Physical punishment as distinguished from pecuniary punishment or a fine; any kind of punishment of or inflicted on the body. Black's Law Dictionary (7th ed.).

4.27a CHILD PROTECTION AND MANDATORY REPORTING

Child Protection: Public Law 101-630, "The Indian Child Protection and Family Violence Prevention" require that Tribes and Tribal Organizations (Grant Schools) report incidents or suspected incidences of child abuse and neglect which have occurred, which are occurring, or which may occur, to local law enforcement, the local child protection services agency or the child abuse hotline.

Because of their regular contact with school-age children, school employees are in an excellent position to identify abused or neglected children.

Any teacher or other employee who suspects that a child under eighteen (18) years of age has

been neglected or physically abused (including sexual or emotional abuse) by a parent or other person shall report orally or in writing this information to the building principal or superintendent. The principal or superintendent shall immediately report this information to the department of social services or the tribal police. If the principal or superintendent does not confirm to the teacher or other employee within twenty-four (24) hours that action has been initiated, the employee will report this information directly to the proper authorities.

The report will contain the following information: name, address, and age of child; name and address of parent or caretaker, nature and extent of injuries or description of neglect; and any other information that might help establish the cause of injuries or condition.

School employees, including administrators, will not contact the child's family or any other persons to determine the cause of the suspected abuse or neglect. It is not the responsibility of the school employees to prove that the child has been abused or neglected, or to determine whether the child is in need of protection, but only to report his/her suspicions of abuse or neglect.

Anyone who participates in making a report in accordance with the law and in good faith is immune from any civil or criminal liability that may otherwise arise from the reporting, or from any resulting judicial proceeding, even if the suspicion is proved to be unfounded.

Any personal interview or physical inspection of the child should be conducted in a considerate, professional manner, but in no event should it be conducted by an employee of the Little Wound School without at least an adult witness of the same gender as the child being present in the room. Information or records concerning reports of suspected abuse or neglect are confidential. The release to persons other than those provide by law is punishable by law. Failure to make a report where abuse or neglect is suspected is also subject to the punishment under the law.

This policy will be distributed by the superintendent to all school employees at the beginning of each school term and to new employees when they begin employment if at a different time than the beginning of the school term.

The board will support any employee making a report of suspected child abuse or neglect until and unless it is determined that the employee was acting in bad faith by making the report.

A child may be interviewed by school staff or law enforcement without the parent being notified or present, when the child has been allegedly abused in the home.

4. A parent/guardian must come to the respective school office to pick-up children in front of school personnel, and the parent must sign a sign-out sheet or register indicating the name, date,

time and reason for signing out the student.

4.37a CUSTODY

The Little Wound School has an increasing number of families experiencing transitions in parental custodial relationships. There are also laws governing divorce settlements and custodial issues are decided in court. For this reason, we find it necessary to develop and clarify the procedures that will be used by the administration and staff of Little Wound School in dealing with families in such situations.

Two-parent family: It is assumed that both parents are living at the same address unless we have been notified otherwise. Therefore, school staff will send home notices, communications, etc. with the child. It is assumed that both parents are communicating regarding the child and that all information is shared by and between the parents. This information includes, but is not limited to, conferences, report cards, interim reports, discussions with school personnel and permission slips.

Separated family: In families experiencing separation of parents or pending divorce, the above information is shared by the parents and between the parents. Since this situation frequently impacts on a child's achievement and interactions at school, parents are asked to inform both the principal and teacher of this fact so that appropriate support can be given to the child. School personnel cannot proceed on hearsay, rumors or demands of parents or other family members. Appropriate court orders or other documentation (detailed below) must be filed immediately with the principal of your children.

Actual divorce decree: The principal must be informed by the custodial parent if one parent is given clear physical and/or legal custody. A copy of the entire decree or order designating custody of the children and the specifics of the custody (i.e. access to school records, check out, conferences, etc.) as well as the signature of the judge is to be submitted to the principal. School communications shall be sent home to the custodial parent, unless there is joint legal custody, in which case school communications shall be sent to both parents. Custodial parents should understand, however, that unless the divorce decree specifically limits the non-custodial parent's right to access records, the non-custodial parent has a right to the same access as the custodial parent.

“Records” include official transcripts, report cards, health records, referrals for special services, attendance records and communications regarding major disciplinary actions. It does not include daily classwork and papers, or routine communications sent through the children to the home. In these cases, the custodial parent is asked to cooperate with the school and share this information directly with the non-custodial parent. This avoids time consuming duplication of services. Furthermore, unless restricted by a court order which has been provided to the school principal, any non-custodial parent has the right to attend any school activity of the child which includes sports activities and school programs.

Joint legal and/or physical custody (shared parenting agreement): Both parents have access to school personnel and activities. It is assumed that one copy of communications and information will be sent home with the child and that this will be shared by and between the parents. If dismissal arrangements will be at least one day in advance. This is to avoid the problem of children's whereabouts not being known. Parents must cooperate and notify each other and the school of plans so that no children are put at risk.

Parent Conferences: It is preferred that one conference appointment be scheduled for both parents. Parents are encouraged to set aside their differences and to come together on behalf of their child. It also ensures that both parents are given the same information at the same time and misunderstandings and misinterpretations are avoided. If both parents cannot be in attendance, it is assumed that the custodial parent will share information.

Visitations: Visitations should be done in the homes of the parents and not at school. No visitations shall be allowed at the school. It is hoped that visitation arrangements would reflect the sensitivity of the child and both parents. Consistency, routines and safety should be underlying factors of such arrangements. This will allow Little Wound School to effectively accomplish the responsibility of reaching and ensure the well-being of all children.

Law enforcement Issues: If a disagreement arise involving law enforcement in custodial issues, law enforcement is to notify principals of the issues and work with the parents, preferably off school grounds. Law enforcement shall not be allowed to disrupt school activities or take children during school hours, unless the school has been notified in advance, had had an opportunity to make the least disruptive arrangements, and agrees to the enforcement of orders involving children during school hours.

Little Wound School staff do not automatically know when a family experiences custodial changes. In such matters, parents are required to immediately bring appropriate documentation to the school. Phone calls and notes or messages send with children will not suffice. The school will not provide records, information or allow conferences with anyone other than the custodial parent. The non-custodial parent has equal access to these rights unless specifically written in the custodial decree. Other family members of both parents do not have access to these rights.

4.38 STUDENT SAFETY PATROLS

The school may organize a school safety patrol for the purpose of influencing and encouraging students to refrain from crossing public highways at points other than regular crossings and for directing students when and where to cross highways.

No liability shall be attached to any Board member or employee because of injuries sustained by a student by reason of operation and maintenance of a safety patrol. Identification and operation of a school safety patrol shall be in accordance with rules prescribed by the Oglala Sioux Tribe - Public Safety Commission.

4.39 BICYCLE USE

The Board assumes no responsibility for theft, damage or accidents resulting from student use of bicycles on school premises.

Students are not permitted to ride bicycles at all times on school premises and are not allowed to park or store bicycles on school grounds unless authorized by the respective Principal in writing.

4.40 AUTOMOBILE/MOTORCYCLE/ATV USE

The Board assumes no responsibility for damage, theft or accidents resulting from student driven automobiles, motorcycles, or ATV's on school premises or during the regular business day.

Students driving automobiles, motorcycles, and ATV's to school are prohibited from driving them during the school day. No Students are allowed to drive any automobiles /motorcycles/ ATV's during the school day. No student may park his/her vehicle on school grounds without a permit. In order to obtain a permit, the student must show proof of insurance and a current driver's license. This policy shall be enforced by the respective school principal. All students' auto keys must be turned in to the Principal or designee daily. (see student handbook for policy violation)

Those staff and students, who drive automobiles to school, will have to be registered by the respective school principal or his/her designee where a permit will be issued for no fee. The permit will be displayed on the vehicle before being allowed to remain in the school parking lot. Proof of a driver's license and proper insurance will be shown and required with parents/guardians permission for use of vehicles before the permit will be issued. Unauthorized vehicle use or parking will result in the vehicle being towed from LWS property at the expense of the owner. Any student using vehicle to leave campus during the day, unauthorized, will lose privilege of driving vehicle to school. Temporary permits will be issued for short-term parking. Visitors will have a designated area for short-term parking.

4.41 STUDENT ORGANIZATIONS

The Board encourages establishment of school organizations which shall be organized with the approval of the respective Principal. All funds generated by organizations or clubs will be deposited daily into individual custodial accounts through the Business Office with expenditures authorized by the sponsor.

Marital, maternal, or paternal status shall not affect the rights and privileges of students to receive an education or to take part in any activities offered by the school.

Pregnant students shall continue in school in all instances unless the student's physician rules otherwise. If continued attendance is not advised by the physician, the Principal is authorized to make special arrangements for the instruction of the student and to provide an appropriate educational program.

Pregnant students must have parental consent and a medical physician's release before participating in a SDHSAA sanctioned activity.

4.50 DROP OUTS

Teachers shall notify the respective Counselor, Dean of Students and Principal of any student(s) showing dropout tendencies so that resources become immediately available to the student. Every student should be counseled as soon as s/he is detected to be a potential dropout and every effort made for retention. 4.52 STUDENT RECORDS

Student records shall be held at designated locations. The parent/guardian or adult student shall complete an access authorization list enumerating who can have access to specific student files, outside of regular confidentiality rules. Student records will comply with all applicable federal,

state and tribal laws. E.g. counseling/behavioral file.

Student records shall be made available to the Superintendent, Principals and Counselors. Teachers will have access to academic records only. They may access other records pursuant to the laws of confidentiality. Administrators and staff with access to student records may not extract or change records of their own children, if enrolled in the past or present at LWS, without having a second LWS administrator or employee present at all times as a witness to such access or change of records. Student academic file (which do not include health information, special education services or physical/mental assessments) shall be made available to an outside person or agency only under the following conditions:

1. A written request is received by school officials duly signed by a parent, or legal guardian of the student, or by a student of legal age (18 yrs or older).

4. Instances where request for information might come from an outside agency, the agency will file a release from the student or parent or guardian.
5. In instances where requests for information come from the Comptroller General of the United States, and administrative head of an education agency or state educational authorities in connection with the audit and Assessment of federal programs or for the enforcement of federal legal requirements which relate to such programs, only data which does not include information which would permit the personal identification of such students or their parents may be released.

When information is placed into the file related to the special education or the physical/mental health of the student, HIPPA requirements must also be met before the disclosure of student information. Access to records is denied if the person requesting is not on the access authorization list, is not a person seeking directly information only, or is not a person viewing the records as directed by a federal grand jury or through some other subpoena/order of a court. Release of health information shall follow federal HIPPA regulations.

When disclosing information from a student file to a non-custodial parent, no information shall

be given which indicates the child's or other parent's current residence. Information must not be disclosed to a non-custodial parent if their access rights have been limited or terminated.

After a period of three (3) years post-graduation, the records manager notifies all parents/adult students of the intention to destroy the information from the student's records. This notice will include the destruction time, parent/adult student's rights regarding the records, and steps to obtain the records if they object to their destruction. Records are then designated for destruction or release with logs maintained on the disposition of the records.

Parents/adult students may request an amendment to a student file. The written request (either filled out by the requesting person or a school staff person) will be placed in the student's file and referred to the superintendent for a decision. If the amendment is made, the amendment request is destroyed. If the amendment is not made, the parent/adult student is notified of why the amendment will not be made and the amendment request shall remain in the file. The requesting party will also be notified of any further action they may take to appeal this decision. If the unamended record is later disclosed, the request for amendment must be attached to it.

RECORDS OF ACCESS

The principal shall keep a composite of all completed requests, permission forms and authorizations to view and receive records which will be filed in the student's file. Written authorization is to be included in each student's records when:

1. Inspected and reviewed by the parent/student; or

This request will be forwarded to the school of previous attendance by the Principal. The request shall include a description of the records desired, the reason for the request, and assurance of confidentiality of the information to the released.

CHALLENGES TO RECORD CONTENT

Parents, legal guardians or students of legal age shall have an opportunity for a hearing to challenge the content of the student's own school records, to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein.

Requests for hearings shall be sent to the appropriate Principal of the school who shall set a time

and place for the hearing within 5 days of receipt of the request and notify the requestor in writing of the time and place. The Principal shall have the person(s) present who have entered the information in question at the hearing. A copy of Board policy on student records shall be on file in the office of each Principal and of each individual who carries out procedures relative to this policy.

4.53 SEXUAL HARASSMENT

It is the policy of Little Wound School, in accordance with providing a positive, discrimination-free school environment, that sexual harassment in the School directed by or at students is unacceptable conduct that will not be condoned.

Sexual harassment is unsolicited, nonreciprocal behavior by staff or student which causes a student to submit to unwelcome sexual words, conduct, behavior, or activity of any kind, or to fear that he or she would be punished for refusal to submit. Sexual harassment also includes any conduct unreasonably interfering with another's school attendance or school performance by creating an intimidating, hostile, or offensive school environment. Sexual harassment consists of a variety of behaviors by employees or students directed to students including, but not limited to, subtle pressure for sexual activity, inappropriate touching, inappropriate language, demands for sexual favors, and physical assault.

Little Wound School will, in the event of an alleged student perpetrator, treat sexual harassment as a major rule infraction. Other sexually harassing conduct in the school system is prohibited and includes:

1. Unwelcome sexual flirtations, touching, advances, or propositions;
2. Verbal abuse of a sexual nature, jokes or stories that the victim has previously or clearly communicated are unwelcome;
3. Graphic or suggestive comments about an individual's dress or body;
4. Sexually degrading words to describe an individual; and
5. The display of sexually suggestive objects or pictures, including photographs.
6. Acts that are sexually or personally degrading, such as pulling clothing down or off.

RESPONSIBILITY: Board members and employees are responsible for maintaining a learning environment free from sexual harassment. Orientation will be provided for students at the beginning of each school year to explain policy and law.

PROCEDURE: Any student who believes she or he has been the victim of sexual harassment by another person on the School premises, during school hours, or at school related activities should report such incident immediately to a staff member. That staff member shall immediately report the incident to the Principal. Students shall make such report of incidents in writing. If the student's teacher is responsible for the harassment, the student shall report the harassment to the Principal or counselor. An investigation shall be completed regarding said report. The school cannot take appropriate action if it does not receive notice of allegations of sexual harassment. If a student is disciplined due to sexual harassment, the student may proceed with the established grievance procedures if he or she is dissatisfied. False allegations that are malicious or ill-founded may constitute libel or slander. An investigation shall be completed regarding said false allegations. The individual who made the false allegations may be subject to discipline up to and including expulsion. The school will, however, insure that allegations, made in good faith by individuals shall not subject the complaining individual to discipline.

4.54 TECHNOLOGY ACCEPTABLE USE

Refer to policy 7.75

4.55 (SECTION 504)

Section 504 is the part of the Rehabilitative Act of 1973 that applies to individuals with disabilities. This act protects the civil rights of persons with disabilities.

A free appropriate public education is one provided by the elementary or secondary school that includes general or special education and related aides and services that (1) are designed to meet the individual educational needs of an eligible student with a disability as adequately as the needs of an eligible student who is non-disabled are met and (2) are based on adherence to evaluation, placement, and procedural safeguard requirements.

Section 504 of the Rehabilitation Act of 1973 protects students from discrimination based on their disability status. A student is eligible for accommodations under Section 504 if the student has a mental or physical impairment that substantially limits one or more of a student's major life activities that impacts education. "Major Life Activities" include functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. When a condition does not substantially limit a major life activity that impacts education, the student does not qualify for protection under Section 504. Principals are responsible for initiating and monitoring of any 504 plans for students in their learning circle/building.

4.56 SPECIAL EDUCATION (IDEA 2004)

a. Identification and Evaluation

To be eligible for services under the LWS Special Education Program, a child must have a disability that adversely affects educational performance and requires specially designed

instruction. Children must be identified under one or more of the following categories: autism; cognitive impairment; deaf-blindness; developmental delay; emotional disturbance; health, hearing, language, sight, orthopedic, speech or language impairment; learning disability; or traumatic brain injury.

Once it is determined that a child is eligible for the LWS Special Education Program, LWS shall provide an education through the least restrictive environment. The cost of the LWS Special Education Program shall be borne by LWS unless the child is placed there by another school, agency or court order. If the child is placed in the Program by another school, agency or court order, the other school, agency or court shall be responsible for the costs of the Program. The responsibility of LWS to pay for such an education begins when an eligible child is five (5) years of age and enrolled in LWS. The responsibility ends when the child receives a regular high school diploma as discussed below, no longer qualifies for special education, OR the child turns age twenty-two (22), whichever occurs first.

LWS shall make available the following services through its Special Education Program:

1. Educational programs and services available to other children serviced by the school;
2. Non-academic and extracurricular activities available to other children serviced by the school;
3. Physical education available to other children serviced by the school unless the child is enrolled full time in a separate facility OR the child needs a specially designed physical education program due to the child's IEP or disability(ies).

Special education coordinator shall develop and implement a method for LWS to identify children eligible for the LWS Special Education Program. This method shall be documented with all documentation kept confidential. Some activities to further public awareness which may be provided are sending pamphlets to the parents regarding the special education services available during school registration; placing notices in the tribal agenda/newsletter periodically; announcing the special education programs on the tribal radio station periodically; advising local physicians and health providers of the special education program and its services; and providing training and in-service to LWS staff regarding the special education program. To identify children eligible for the LWS Special Education Program, the coordinator shall give all staff training and in-service to screen for children with disabilities and discuss the process the staff member should follow once a child with disabilities is identified. The coordinator shall also insure that all students testing, grades and assessments are reviews on an annual basis to also identify potential children with disabilities.

The Child Study Team shall be comprised of the following: principal, counselor, special educator, one general educator, and referring party. When any parent, child, family member, public or private agency, school personnel or screening refers a child for the LWS Special Education Program, the Child Study Team shall conduct a meeting in order to complete any additional required fact-finding, to brainstorm, and to establish a plan and time line with specific

direction to appropriate staff to address whether further evaluation is needed. The parent must be notified by the coordinator of the referral if the parent did not make the referral. If further evaluation is needed, the parent's consent must also be obtained to complete further evaluation. Note, if the child is emancipated due to age or otherwise, the child must also be notified and included in the process and all rights possessed by the parent in this process now become the rights of the adult student. The parent must remain involved after the student obtains age eighteen (18) if the parent has obtained a guardianship over the student.

If further evaluation is not warranted, the Child Study Team will work together to provide other services for the child. The parent and/or child must be notified of the reasons the child will not be considered for the LWS Special Education Program. If further evaluation is warranted, the information shall be turned over to the IEP Team to determine whether the child is eligible for the LWS Special Education Program and to develop an IEP for the particular child. The IEP Team shall consist of a special educator, the special education coordinator, the principal and the parent of the referred child. The coordinator shall complete the appropriate information needed for the IEP Team to establish a program for the child. Such information may include medical history, health status, motor skills, speech/language or hearing evaluations, classroom observations, family history, and educational history.

To determine eligibility the IEP Team must determine the following:

1. Whether the child has a disability;
2. Whether that disability adversely affects the child's educational performance;
3. What specific special education and/or other related services are required based upon the findings in 1 & 2; and
4. An IEP in the least restrictive environment for the child.

The parent shall be notified ten (10) days in advance of the IEP Team meeting held to establish 1 through 4 directly above. The notice shall be conveyed to the parent in a language they can understand (orally or in writing, but when orally notations must be made regarding the oral notification), shall include a description of the evaluation process, and an explanation of why the evaluation is taking place. All of the documentation generated throughout the entire process shall be held in the child's student file confidentially. All communication with the parents (whether oral or written) shall be documented in the student's file especially with regard to attempts to notify of meetings, consents, and additional information regarding the student's needs.

If the parent refuses to consent to evaluation, LWS may still be required to provide special education services. The coordinator shall develop a process by which to resolve issues between the school and a non-consenting parent. The parent may also refuse the special education services proposed by the IEP Team. When this occurs, the coordinator shall develop a process by which to resolve the issues between the school and the non-consenting parent.

The coordinator shall keep a list of all special education students and the dates of their next reevaluation are due. This information will be provided to the child's special educator(s). The coordinator shall notify the parent at least thirty (30) days prior of any reevaluation so the parent may be included in that process as well. The child's special educator will establish the reevaluation team and the decision making process for the reevaluation. The above process is repeated only with the reevaluation team and special educator completing the tasks previously delegated through the assessment and evaluation process.

b. Parental Notification

The coordinator shall do its best to communicate all notices in a language and manner (if parent is blind or deaf, Brail or sign) which the parent understands. A minimum of ten (10) days notice is required when any of the following are going to occur with the student child:

1. Initial evaluation;
2. Initial eligibility determination;
3. IEP review and amendment;
4. Reevaluation;
5. Reevaluation of the eligibility determination;
6. Significant discipline incidents.

A parent is also permitted to request a reevaluation of their student child at any time. However, a reevaluation may be completed by the reevaluation team with existing data and assessments. If the parent insists upon additional testing, the coordinator shall work with the parent through the established resolution process to seek resolution of the disagreement between school and parent. A parent is also permitted to request an independent evaluation. All requests made for an independent evaluation are forwarded to the superintendent. The coordinator sends a packet of information to the parent requesting such independent evaluation which includes, but is not limited to, where an independent evaluation may be obtained, the required qualifications of an independent examiner, the eligibility for specific disability categories, and the maximum allowable charges for specified assessments to eliminate unreasonably excessive fees, including travel costs. The superintendent can make any one of the following decisions once an independent evaluation is requested: wait for the parent to act on the request, or request the parent to enter into the conflict resolution process. If an independent evaluation is completed by the parent, the IEP Team or reevaluation team shall include that information in with all other information in establishing/modifying the student's IEP.

c. Behavior or Disciplinary Action

If a current special education student has a behavioral incident, the coordinator will invite the parent(s) of the student to an IEP Team meeting to determine the best course of action for the student. The IEP Team will develop a behavioral plan if one is not already in place, modify the existing behavioral plan, or determine what other least restrictive alternative is available to continue to meet the student's educational needs. The IEP Team shall also consider whether the student's disability impaired his/her ability to understand the impact and consequences of behavior, or whether the student's disability impaired his/her ability to control the behavior. If the IEP Team determines that the student's disability doesn't impair his/her ability to understand or control the consequences or the behavior, then the child shall be disciplined as any other LWS student. In no circumstance can educational services be denied for more than ten (10) school days in a school year. If a student is involved in disciplinary action who is not currently a special education student, but there is an indication that the student may have a disability not previously identified, such disability shall be considered in discipline and a referral must be made to the coordinator for assessment and evaluation.

d. Discontinuation of Services, Graduation and Grading

If it is suspected that a student no longer meets the eligibility criteria for the LWS Special Education Program, the reevaluation team, including the parent, must meet to review existing data and arrange to have additional assessments if necessary. If the student is not eligible, the coordinator must provide the parent with written notice of the decision to discontinue special education services. Services will not be discontinued if the parent files a grievance pursuant to the appropriate provisions of the LWS Policies and Procedures.

LWS's obligation to provide special education services ends when the student meets the school's requirements for the receipt of a high school diploma. The coordinator must provide the parent with a written notice prior to graduation of the discontinuation of special education services. For children who have not yet graduated from high school by meeting the requirements for receipt of a high school diploma, LWS is obligated to provide special education services until the student reaches age twenty-two (22). If a child is turning twenty-one (21), the coordinator will provide the parent with prior written notice regarding discontinuing special education services.

LWS's obligation to provide special education services also ends when: 1) the student transfers to another school; 2) the parent withdraws the student from school and the parent has made other provision for the student's educational needs; and 3) the student drops out of school.

If a parent requests that a student be withdrawn from special education services, the reevaluation team must determine whether the student is still eligible for special education services. Written notice must be sent to the parent following the determination. If the team, including the parent, determines that services need to continue, LWS will provide services unless the parent has invoked the grievance procedure appropriately under the LWS Policies and Procedures.

4.57 OBTAINING/DISCLOSING CONFIDENTIAL INFORMATION REGARDING STUDENTS

The parent or adult student shall complete an Access Authorization List enumerating who can have access to the student's files. When information is placed into the file related to the special education or the physical/mental health of the student, HIPPA requirements must also be met before the disclosure of student information. Please see the attached Confidentiality Statement and Notice to Students of Federal Confidentiality Law in relation to these specific types of records.

Access to records is denied if the person requesting is not on the access authorization list, is not a person seeking directory information only, or is not a person reviewing the records as directed by a federal jury or through some other subpoena/order of the court. The coordinator shall also develop a list of individuals within LWS permitted to review the confidential records of a student and establish a way to document all times LWS personnel have accessed student files. For instance, a special educator may be permitted to view some documents within the file that a teacher may not.

When disclosing information from a student file to a non-custodial parents, no information shall be given which indicates the child's or other parent's current residence. Information must not be disclosed to a non-custodial parent if their access rights have been limited or terminated.

After a period of three (3) years post-graduation or post separation from school, the Records Manager notifies all parents/adult students of the intention to destroy the personally identifiable information from the student's record. This notice includes the destruction time, parent/adult prior student rights regarding the records, and steps to obtain the records if they object to their destruction. Records are then designated for shredding or release to parents/adult student. Logs of the destruction of the documents shall be kept.

Parents/adult students may request an amendment to a student file. The written request (either filled out by the requesting person or a school staff person) will be placed in the student's file and referred to the superintendent for a decision. If the amendment is made, the amendment request is destroyed. If the amendment is not made, the parent/adult student is notified of why the amendment will not be made and the amendment request shall remain in the file. The requesting party will also be notified immediately of any further action they may take to appeal this decision. If the unamended record is later disclosed, the request for amendment must be attached to it.

4.58 STUDENT ALCOHOL TESTING

It is the policy of the Little Wound School Board to provide a safe, secure and drug and alcohol free school environment by implementing a program to detect, treat and prevent the use and abuse of alcohol and drugs by all students.

Alcohol use by a student is illegal and poses a serious threat not only to his/her own well-being, but also to the well-being of the entire school community. Drug or alcohol use will not be tolerated during school hours, on school property, or at any school-sponsored activity or event during or after school hours. Students who violate the school policy on use, possession, sales or distribution may be subject to disciplinary action as set forth in the Student Handbook.

When determining possible alcohol use or intoxication by a student during the school day or at a school-related function the safety of the student is the primary concern. An assessment of a student's suspected alcohol use may be aided by the use of a breath alcohol testing device which indicates the presence or absence of alcohol, when based upon reasonable suspicion or probable cause.

Procedure:

During the normal school day or at school-sponsored events.

- a) An employee may determine possible student alcohol use without the aid of a breath alcohol testing device by observing one or more of the following indicators:
 1. Slurred speech
 2. Unsteady gait
 3. Impaired motor control
 4. Flushed face
 5. Smell of intoxicating liquor on breath, clothing or person
 6. Vomiting

- b) If the employee determines that a student is intoxicated or has used alcohol based on one or more of the above indicators, that shall constitute reasonable suspicion and:
 1. Parent/Guardian is notified and requested to take the student home.
 2. Emergency help is called if student is assessed to be at risk for alcohol poisoning or in need of medical assistance.
 3. The police may be called to take the student into protective custody.
 4. Disciplinary action may be taken as indicated in Student Handbook.

- c) If a student is reasonably suspected of being under the influence of alcohol or is suspected of having consumed alcohol, the following action will be taken:
 1. The student will be escorted to the test site.
 2. The test is conducted by a certified Breath Alcohol Technician (BAT).
 3. Tests uses an approved Evidential Breath Testing (EBT) device.

- d) If the test is positive (.01BAC) the student may request a maximum of two additional

tests taken at least 2 minutes apart. If these additional tests are positive:

1. The parent/guardian is notified and requested to take student home.
 2. Emergency help is called if student is assessed to be at risk for alcohol poisoning or in need of medical assistance.
 3. The police may be called to take the student into protective custody.
 4. Disciplinary action may be taken as indicated in the LWS Student Handbook and may result in suspension.
- e) If the test is negative, the student will be allowed to resume activity if the administrator does not suspect the use of other drugs.
1. His/her parent/guardian will be notified that the breathalyzer was administered.
- f) If a student who is suspected of being under the influence of alcohol or who is suspected of having consumed alcohol refuses the test:
1. The administrator will notify parents to pick up the student and detain the student until parent's arrival.
 2. The administrator may consider the refusal and all other evidence to determine whether or not the student is intoxicated or has consumed alcohol and may discipline the student in accordance with the LWS Student Handbook.
- g) If any student suspected of intoxication leaves the scene against the school official's request:
1. Parent/Guardian is notified.
 2. Public Safety is notified.
 3. Disciplinary action is taken as indicated in the LWS Student Handbook.
- h) There is always the possibility that a student may become intoxicated after passing an initial breathalyzer screening. If the administrator in charge of the function observes the behaviors listed in a) , in such a student, then s/he may administer the breathalyzer. If the student tests positive on the breathalyzer, s/he may request a second and third test. If these tests are positive, then the administrator will follow the procedure as written in (d) of this policy. School discipline will be administered and may result in suspension.

NOTE: Law enforcement may be called at any time by the School if there is reasonable suspicion a student is intoxicated.

4.59 STUDENT CHAPERONES

Chaperones are to be responsible in ensuring the safety and well-being of the assigned students. Chaperones are the key person(s) to whom the young person looks to for guidance, protection,

clarification, and support. Chaperones are to know at all times, the location of student(s) for whom they are designated and to be available for assistance. Chaperones are to maintain a positive behavior by communicating in a manner that gets along with students, parents, and the public in general. Drugs and alcohol use by chaperones is strictly prohibited.

Male students shall have male chaperones and female students shall have female chaperones.

4.60 K-9 (POLICE DOG) SEARCHES

LWS reserves the right to conduct random searches by K-9 police dogs throughout the school campus for illegal substance(s), to maintain safe school environment.

4.61 PERSONAL ELECTRONIC DEVICE

At Little Wound School we believe creating an environment that cultivates the talents of every student and one that prepares our graduates for an ever-changing world. We also believe in integrating technology and Personal Electronic Devices (PEDs) into classroom instruction in order to comply with LWS goals.

Research shows that student usage of PEDs promotes critical thinking, problem-solving, collaboration, and other essential life skills in a highly competitive and global society.

During Non-Instructional Time: Students may use PEDs during class breaks, in the cafeteria during breakfast or lunch for personal or instructional purposes. Students are allowed to send and receive text messages, listen to music, access LWS approved sites, and send and receive email during this time period only.

During Instructional Time: Student use of PEDs is not allowed unless it is for note taking or during a teacher approved lesson in which PEDs are being integrated into their instruction.

- Usage will not be disruptive to other students, staff, or to the overall school environment. Texting to other students while they are engaged in instructional time is prohibited.
- Ear plugs must be used so that others will not be able to hear the sounds from one student's device. Speakerphones may not be used.
- Before entering class, students are expected to put away all PEDs and be ready, respectful, and responsible in regards to these policies.
- There shall be no PED use during assessments, exams, or any type of testing.
- Students may not use PEDs to bully or harass other students, faculty, or staff in any way, including social media. Violations to this policy may result in loss of PED privileges for the year. The student's PED will not be returned to the student until a parent conference is held with student and his/her administrator.
- Students may not use PEDs to photograph other students or staff members.

Consequences

1st offense: teacher/staff warning to student

2nd offense: PED privileges lost for the day; PED taken and given to office staff and parents will be notified to pick up the PED.

3rd offense and beyond: loss to PED privileges; violations will be treated as defiance and insubordination and further disciplinary consequences will be applied using administrative discretion.

Students are responsible for PEDs. Little Wound School is not responsible for lost, stolen, or damaged PEDs.

4.62 ALTERNATIVE SCHOOL EDUCATION

Enrollment

Preceding a student's enrollment in the alternative school, the principal, alternative school supervisor, the student's counselor, and the dean of students will hold a meeting. This meeting will determine the adequacy of an alternative school setting to support the student's ongoing academic and personal development. A student may also independently request placement in the alternative school setting by submitting an application or written petition to their principal.

Within one week of submitting this application, the principal and alternative school supervisor will meet to review the application (in consultation with the student's parent or guardian) before a decision on placement is made. A student's first day enrolled in the alternative school setting will be the Monday immediately following the decision.

Behavioral Expectations

Any student enrolled in the alternative school is subject to the policies and expectations of the Little Wound School and the Little Wound School Student Handbook. Enrolled students will also be subject to the established rules and norms of the alternative school.

Contracts

At the determination of the alternative school supervisor or principal, any student (and a parent or guardian) may be required to sign a binding attendance, behavior, conduct, counseling, and/or personal improvement contract. Refusal to sign or comply with a contract will prevent the student's initial or continuing enrollment in the alternative school.

District Participation

These categories may be defined in more detail. The policy needs to establish who has the authority to determine the level of restriction. In addition the School should also include the following into their policies regarding the order for use of funds.

Flow of Resources

The school uses restricted/committed amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibited doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the school would first use committed, then assigned, and last unassigned amounts of unrestricted fund balance when expenditures are made.

7.80 SCHOOL VISITORS

The Board welcomes and encourages visits to school by parents/guardians, adult residents and interested educators. To assure order that the greatest benefit can be derived from such visits and to ensure order in the schools and the safety of students and staff; the following guidelines shall govern school visitations.

The Superintendent or designee and building principal have the authority to prohibit the entry of any individual to a school, in accordance with Board guidelines.

Guidelines

Reporting To The Office

All visitors are to report to the building office to register before proceeding to their destination in the building regardless of whether prior approval for the visit has been given. Upon registering, guests will be issued a visitors badge and a pass with their destination.

Scheduling Appointments

All visitors are to have scheduled appointments. Meetings and activities where parents/guardians receive written invitations from the building administration are considered scheduled appointments. Exceptions may be made in the case of emergencies.

Interruptions

Visitors may not interrupt a teacher who is teaching a class. Visitors are not to interrupt a teacher during preparation times or other related instructional duties unless an appointment has been made or other advance notice given according to the guidelines provided in this policy.

Parent-Teacher Conferences

Parent-teacher conferences are encouraged. Such conferences may be requested by either the parent/guardian or the teacher and should be scheduled at a time convenient to all parties. Drop in conferences are discouraged.

Classroom Observations

Classroom observations by parents/guardians, community members or interested educators can be valuable, even though they may disrupt the class. It is believed that parents/guardians, other community members and educators can gain a better sense of the instruction process by observing teaching and learning activities. The principal must evaluate the benefit of the visit and compare it with the potential for disruption.

Observation may be approved when the following have occurred:

- a. A written request to visit has been submitted to the principal on the form provided by the school at least two (2) school days prior to the visit and is subsequently approved by the building principal or building special education supervisor. When there are scheduled classroom visits individual written requests will not be required.
- b. The principal has consulted with the teacher and has decided that the visit will be beneficial. The principal will notify parent/guardian by phone, of the appropriateness of the visit. The decision of the principal may be appealed to the Superintendent.

The principal will consider the following factors in deciding whether the visit will be beneficial:

1. The purpose of the observation.
2. The duration of the observation.
3. The classroom activities planned during the observation.
4. The number of previous observations of that particular class.
5. The needs of the children in that class.

When a parent/guardian is involved in a special education hearing or other litigation with the school, teacher or other staff at the time of a requested observation, an administrator will observe the class with the parent/guardian if permission to visit is granted.

Speaking With Students

Only visitors who are the parent/guardian, or surrogate parent of a student may confer with a student in school and only with the prior permission of the building principal. Exceptions to this policy will be granted in emergency situations and in the case of military recruiters, college recruiters, etc., where advance arrangements are made with the building principal. Visits or conferences with students during the school day result in the interruption of the overall educational process and are generally discouraged, except in emergency or unusual circumstances.

Discussions Of Students

School personnel should not discuss individual students or the performance of those students with any non-school persons except that student's parent/guardian without the written permission of such parent/guardian. Exceptions to this policy may apply in connection with cooperation with law enforcement officials.

Recording Events

No visitor shall be allowed to photograph or videotape any person or any part of any building or to tape record any conversation of any kind without prior approval by the building principal and/or building special education supervisor.

Loud, Abrasive And/Or Profane Language Or Behavior

It is the policy of the school to prevent disruptions to school operations and the instructional process. All persons, including but not limited to students, parents/guardians, employees, visitors and members of the general public are prohibited from the use of foul, profane and abusive language, whether spoken or written, or for a tirade in any manner in the school buildings or upon school grounds. This policy will be particularly enforced if language or actions are professed in a loud and/or offensive manner or in a manner observable by other persons. School security may be notified and proper legal action taken.

All persons are therefore warned that violation of this policy may result in removal from school property by appropriate school authorities. Members of the public may be subject to removal from school property and may be charged with trespassing for failure to promptly vacate the property upon proper notice of notification. In all cases, violators may be subject to appropriate laws of the Oglala Sioux Tribe.

7.81 ELECTRONIC SURVEILLANCE

The Little Wound School Board recognizes the responsibility to maintain security, order, and discipline on all school property, including but not limited to, the offices, school buildings, classrooms, school grounds, and school vehicles. The students and staff of the school recognize that their security and safety depend upon the capacity of the school to maintain discipline and order and, consequently, supervision over and the ability to impose certain conditions on the activities of students is assumed and expected.

Nevertheless, the school recognizes established privacy interests of its students and staff, and is committed to protect the confidentiality of students and staff's records maintained by the school to the extent authorized by law.

The school has determined that electronic surveillance systems are necessary for monitoring activity on school property, and in school vehicles in order to protect the health, welfare and safety of its students, staff, and other authorized occupants. Accordingly, the School authorizes the use of electronic surveillance in the form of video camera surveillance on the school offices, classrooms, buildings, grounds, and in its transportation vehicles as follows:

1. Video cameras shall be placed in public locations deemed appropriate by the Superintendent or designee and shall not be placed in areas where there is a reasonable expectation of privacy.
2. The School shall notify its students, their parents/guardians and School staff that electronic surveillance may occur on any School property, or on any transportation

vehicle, and that video recordings may be used in disciplinary actions or sanctions. The School shall incorporate said notice in handbooks, post notice at the main entrance of the School office, school buildings, classrooms, and at the entry door of any bus that may have electronic surveillance equipment in operation.

3. The use and maintenance of electronic surveillance equipment on school grounds, School property, or in transportation vehicles shall be supervised and controlled by the Superintendent, the school principals or other authorized administrators. Students and staff shall not tamper or interfere with the video camera equipment.
4. The use of video recordings from surveillance equipment shall be subject to other policies of the School including policies concerning the confidentiality of student and personnel records. The School shall comply with all applicable state and federal laws related to record maintenance, retention, and disclosure including the Family Educational Rights and Privacy Act (“FERPA”), and all applicable tribal, state and federal laws.
5. Electronic surveillance shall only be used to promote the order, safety, and security of students, staff, property, and other authorized individuals. The School may rely on the images obtained by video surveillance cameras in connection with the enforcement of Board policy, administrative regulations, building rules, and other applicable laws.
6. In addition to any surveillance that might otherwise be permitted by law, video or audio recording in the classrooms will be permitted to promote educational purposes and staff improvement but not for staff or teacher discipline unless the recording of staff or teachers is incidental to an otherwise properly recorded incident.
7. Surveillance systems and all resulting recordings shall be located in a secured area and access to the system and recordings shall be strictly limited. Video recordings will be archived on a secured server for ten (10) days until removed. Recordings may be reviewed as authorized by the Superintendent or designee.
8. Video recordings retained as part of an individual student’s disciplinary record shall be maintained in accordance with law and board policy governing the access, review, and release of student records.
9. All media viewed or listened to by law enforcement, parents, or any persons outside of authorized school personnel will be documented in a log with the date, time, reason, and names of individuals reviewing the media.
10. Employees shall be responsible for the appropriate use of technology and shall not use any school resources for unethical practices or any activity prohibited by law or school policy.

Viewing Requests

Due to federal law and student privacy concerns, the school will not allow video to be reviewed

unless a court order requires it. In such instances, the video shall only be reviewed at the school under proper supervision and the viewer shall agree to maintain confidentiality as it relates to other students. When possible, the school shall blur or block identity of other students.

All viewing requests must be submitted in writing. Requests for viewing will be limited to those parents/guardians, students, school officials and/or law enforcement with a direct interest in the proceedings as authorized by the principal and only the portion of the video recording concerning the related specific incident will be made available for viewing.

Written requests for viewing may be made to the principal within five school days of the date of recording, and/or notice of the recording.

Approval/denial for viewing will be made within 10 school days of receipt of the request and so communicated to the requesting individual.

Video recordings will be made available for viewing within three school days of the request approval.

Actual viewing will be permitted only at school-related sites, including the school buildings or essential administrative offices.

All viewing will include the building principal, or his/her designee.

A written log will be maintained for those viewing video recordings, including the date of viewing, reason for viewing, date the recording was made, location at school or school office, and signature of the viewer.

Video recordings will remain the property of the school and may be reproduced only in accordance with law, including applicable Board policy and regulations.
